

I'd like to thank all of the children and parents for helping to make the transition to Nursery a smooth one. All of our children have now started and they are quickly getting used to the routines and the Nursery environment, they are settling in brilliantly – the staff are really enjoying getting to know them all!

Learning Journals – in Nursery each child will have a Learning Journal to document their time spent with us, we would also love your input – if you have any photographs of your child over the course of the year that you would like to contribute to their Learning Journal please email them to me along with a brief description of what it was - it could be a birthday, a day out, cooking, a new brother or sister – anything that your child would like to share with the class. Many thanks in advance!

Each child in Nursery has a drawer with their name and symbol on it. Can we please ask you to check it regularly as there will often be school letters in it, as well as any drawings, paintings or models that your child has done at Nursery.

This week the children have enjoyed dancing around the room to our tidy up song – why not try it at home:

<https://youtu.be/Dhw6JDF4A0Q>

This week the children have really enjoyed playing outside. They have been digging in the soil and finding the leftover potatoes that we didn't find back in July!

They have also been collecting the cooking apples that have fallen to the ground from our apple tree.

This week the children will be using the apples from our tree to make apple pies.

Our tricky challenge area has been very popular with the children this week – we have a range of activities to target fine motor skills, it's simple to do at home – anything that involves using pegs, tweezers or tongs to transfer objects from one container to another.

Finally can we please ask that your child's jumper, cardigan, coat, shoes, wellies and water bottle are clearly labelled. Many thanks.

We hope you have a great weekend,  
The Nursery Team
