

Another busy week in Nursery, we've been focusing on listening skills and talking about what good listening looks like – looking at the person who is speaking. We take turns speaking and listening just like we take turns with our toys. We've been on some listening walks, listening to all of the sounds in our indoor and outdoor environment. The children have got great listening ears!

This week the children will be making tomato and basil soup, the recipe is below, so if your child likes it you can make it at home.

In the outdoor area the children have enjoyed performing on the stage, we've had drums, bells and lots of songs – mostly 'Frozen'!

This week in our tricky challenge area the children have loved feeding the tennis ball, it's actually really tricky to squeeze it and feed it at the same time so a really nice bonus of this tricky challenge is that the children have been working in groups to complete it, we might have to keep this one next week too!

Tomato and basil soup

Ingredients

One red onion

One clove of garlic

One kilo of tomatoes – they can be roasted or simmered with 400ml of vegetable stock.

Basil – to taste approximately 20 leaves.

Teaspoon of sugar.

Simmer for 20mins and blend.

This week we have been learning about the number 0 and how to form it:

Start at the house, up and around you go, when you get home you've got a zero!

An appeal for help to any budding builders, carpenters, parents, grandparents - anyone who would like to help us to make a more permanent mud kitchen – please let a member of staff know if you are available to help, many thanks.

We are pleased to say that our link Health Visitor Mrs Lennox will be holding her first drop in session of the year on Friday 2nd October, she will be available at drop off times if anyone would like to speak to her about any concerns or has any questions.

We hope you have a great weekend,
The Nursery Team
