

This week the children have been learning about Diwali, the Hindu festival of light. They have been creating their own rangoli patterns and mehndi designs as well as making salt dough diya lamps and taking part in an indian dance session! They also loved listening to the story of Rama and Sita and the Demon king with 10 heads and 20 arms!

This week we have been looking at the letter /t/ and learning about the sound that it makes. It's a short bouncy. sound. We have been thinking of words that start with /t/ top, tower, teacher, Tom and toast. We have been learning how to form the letter too:

Start at the top of the tower, go down the tower, down the steps and flick, then chop off it's head!

This week we have been learning about the number 6 and how to form it:

Down and around and make a loop, number six has a hoop! The children have also been sequencing objects from the smallest to the biggest.

The children and staff would like to give a big thank you to Mr Armstrong for supplying us with lots of wooden pallets and to the amazing skills of Mr Taylor for a fantastic mud kitchen!

The children have made Pudsey bear cookies for children in need, they looked great in their fancy dress, many thanks sending in your donations, we look forward to finding out how much the school has raised for this great cause.

This week we have been learning about the solar system. We have been finding out facts about the sun and the moon and we have even been discussing gravity!

Please email any photos for learning journals to: catherine.mcginity@ntlp.org.uk many thanks

We hope you have a great weekend and look forward to seeing you all on Monday.

The Nursery Team
