

Reception Newsletter: 14.03.2016

We have had great fun on our sports relief day with a series of super fitness activities. The children will certainly be worn out when they get home tonight. Thank you to Mrs Aitken for organising those.

Perhaps you would like to make your own circuit, skipping, running or obstacle training course in the garden or go for a trim trail walk in the park.

Send us your photos via email. They are great evidence of physical development and keeping healthy in our

Many thanks to Mrs McQueen who came to tell us all about her role as a doctor. She also taught the children about how to keep themselves safe, and healthy. We learnt about what germs were and even a little bit about what First Aid we could do at home if someone has a cut or a burn.

Diary Dates and Reminders!

Some people have enquired about the coffee morning and afternoon events next week, so here is some clarification:

Reception Easter Assembly is Tuesday 22nd March, 9.15 a.m. (please note only one parent per child)

Mrs Brownlee's afternoon tea party for any parents wishing to say goodbye to her is on Wednesday 23rd March from 2.30pm

This week we have worked towards Sport Relief day by looking at the Olympic website:

<http://www.olympic.org/videos>

It provided an opportunity for discussion and the children have made their own Super Hero Olympics in our outdoor area.

It has been an incredibly powerful child led project and we have learnt so much about what they think about taking things in turns, being fair, measuring distance, time and positional language. We are amazed at the level of thought, cooperation and motivation that the children have given to this project as well as the fun they have had in Physical Development they have had

It is still a work in progress with them now introducing medals, certificates and other events. Sensational! We will put up some photographs on the webs event page. Look out for that soon.
