

## Reception Newsletter 15.7.16

Woodhorn Museum.

**We've had lots of positive feedback from parents and we would like to thank everyone who was able to help on the trip to Woodhorn Museum on Tuesday. We all had a super day and the children learnt lots of interesting facts, which I'm sure they have shared with you.**

Sports Day.

We will be joining Year 1 on Monday at 2pm (weather permitting) for an afternoon of sports on the field. Parents are welcome to enter the school via the front of school office and come along to spectate. To ensure safety and avoid children wandering around the school grounds with parents can we please ask that you encourage your child to stay with their group leader during the event. All children will need PE kit and a water bottle.

Think Physics.

The Think Physics Team came to school on Thursday to carry out a bubble workshop with us. Much fun was had whilst the children and the scientists investigated and tested making bubbles using a selection of different shaped wands. Some of us were even lucky enough to get inside a giant bubble!

Reading books!

Please can you have one last look this weekend and return any reading books that you may still have at home.
